PEOPLE PROCESS INFORMATION

Therefore™

2021 PRODUCT BROCHURE

Why Therefore™

Your Challenges

EFFICIENCY
Difficulty accessing correct information; slow, chaotic processes.

SECURITY
Preventing unauthorized access; data backup; disaster recovery.

COMPLIANCE
Information retention for legal purposes; confidentiality.

COST EFFECTIVENESS
High physical storage costs; time and labor-intensive processes.

Staying ahead in a competitive marketplace requires efficient processes and the ability to use information as a strategic asset. **With Therefore™ you'll gain:**

PRODUCTIVITY

Recoup the time you lose searching for information and chaotic processes.

REACTIVITY

React to your customers' needs in a timely, professional manner.

VISIBILITY

Maintain a clear overview of your processes, track business-critical metrics.

SECURITY

Keep your information safe, secure and confidential.

FLEXIBILITY

Access your information anytime, anywhere. Easily upgrade and expand.

Protect yourself from data security breaches, gain visibility into your operations, and boost productivity through flexible and intuitive information management!

Why Therefore™

Flexible.

On-premise or in the cloud; for single-department to multi-site deployments.

Intuitive.

Users quickly and easily learn how to use the system.

Scalable.

Start simple and add more as your business grows.

With Therefore™

SECURE data within a central, digital repository.

CAPTURE and utilize paper and electronic information.

MANAGE information as a strategic asset.

ACCESS your data anytime, anywhere.

AUTOMATE and optimize core business processes.

ANALYZE and react to key performance indicators.

CAPTURE

CAPTURE AND UTILIZE YOUR INFORMATION

Leverage your business information, regardless of its format.

- **Electronic documents** – Efficiently import electronic information with simple manual or streamlined automatic importing options.

  Integrations allow seamless saving directly from third party software, including Microsoft® Office. The Microsoft® Exchange connector automatically secures and centralizes strategic e-mail communications.

- **Paper documents** – Scan and index directly from scanning devices. Automatically classify and extract data with advanced scanning solutions.

Feature Focus: THEREFORE™ E-FORMS

Quickly and intuitively capture data with Therefore™ E-Forms. Forms are easily designed and customized, and can be used either internally or on an external website. Forms can adapt dynamically to responses and be embedded on a website or customer portal. Forms make employee vacation requests, customer satisfaction surveys, and many other processes faster, smarter and more reliable.

SECURE

A SECURE, DIGITAL REPOSITORY

Privacy by default. Privacy by design.

- **Access controls & permissions** – Only authorized users can access the system. Permissions on content can easily be defined for individual users or user groups.
- **Anti-tamper measures** – The system verifies the authenticity of documents each time they are retrieved.
- **Disaster recovery** – Automatic backup storage ensures your data can be recovered in case of drive failure.

THEREFORE™ enables GDPR COMPLIANCE

Therefore™ has been audited by independent third party experts who attest that Therefore™ enables clients to comply with the data protection requirements for software solutions as per the EU Data Protection Regulation (EU GDPR).

ACCESS

ACCESS YOUR INFORMATION ANYTIME, ANYWHERE

Information that moves with you!

- **Search** – Find based on a document's metadata or its contents, regardless of where it's saved in the system.
- **Access** – Access your information in the office, on the web, or with Therefore™ Go. Therefore™ Anywhere allows you to edit documents offline and re-synchronize them later.
- **Share** – Easily share information with those inside or outside of your organization. It's simple to export, e-mail, or share information from Therefore™!

Feature Focus: THEREFORE™ PORTAL

An efficient and secure way to share and receive information directly with external parties. Embed the Portal into your website and customize it to fit to the look and feel of your company. External parties can sign-on with secure login credentials and will only be able to view or upload documents that pertain to them.

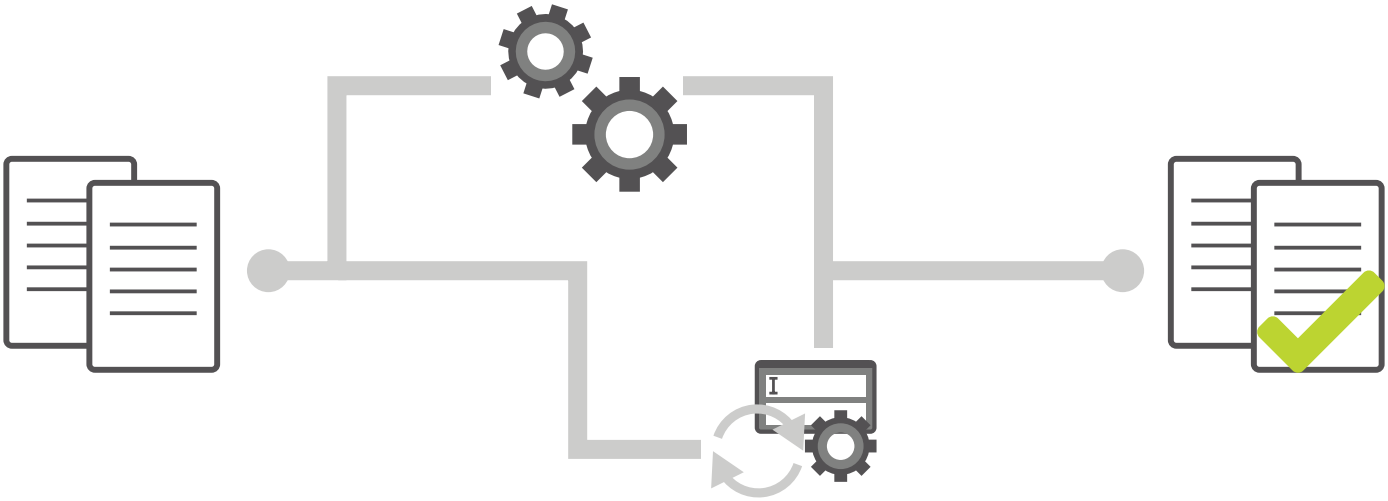
AUTOMATE

STREAMLINE CORE BUSINESS PROCESSES

Gain greater efficiency, visibility and consistency.

- **Therefore™ Workflow** – Therefore™ automates core business processes with its powerful workflow engine. Multiple people can work simultaneously on a process, and the system automates many tasks in the background. Ensure that you never miss a deadline again!
- **Therefore™ Content Connector** – The Content Connector continually saves and indexes information from watched folders, e-mail boxes, digital signature providers, or cloud storage accounts. Automate the flow of information coming into your company!
- **Therefore™ Smart Capture**– Therefore™ Smart Capture uses artificial intelligence to extract data from invoices and other similar documents. Smart Capture is fast to install, and starts extracting data accurately right away. Regional availibility may vary.



ANALYZE

ANALYZE AND REACT TO KEY PERFORMANCE INDICATORS

Stay on top of the metrics most valuable to you!

- **Report** – Schedule reports to be automatically delivered at regular intervals. Gain visibility and make insight-driven decisions.
- **Track** – Take advantage of audit trails on document and user actions for compliance with privacy and security regulations.
- **React** – Bring your data to life with dynamic, real-time dashboards. Immediately react to changes in performance indicators.

How Therefore™ Helps

HUMAN RESOURCES

Streamline recruiting, onboarding and off-boarding processes; manage leave requests; keep employee records secure, confidential and easy to retrieve.

FINANCE

Optimize invoice processing with workflows and automatic linking; track approvals and payment records; automate payroll and integrate with existing ERP software.

MANUFACTURING

Securely store and quickly retrieve material certificates, SOPs and training records; automate product warranty registration; ensure all health and safety information is easily accessible.

CONTRACT MANAGEMENT

Automatic notifications for approaching expiry dates; ensure the correct contract is signed with version control; automatically manage contract e-signing processes.

CUSTOMER SERVICE

Easily group customer documents into digital binders; ensure the most current information is easily retrievable; inform customers instantly on the status of their orders or requests.

LOGISTICS

Digitize the approval of invoices, credit notes, and hauler payments; streamline customer invoicing and transport documentation; maintain a complete audit trail on all document actions.

OPERATIONS

Multi-site architecture, remote access options, and integration options allow coordination in disperse organizations. Analytic dashboards enable immediate reactivity to changes in operational metrics.

And that's just the beginning!

Therefore™ can be configured and customized to suit just about any departmental need or process, leading to streamlined operations, increased productivity, and higher customer satisfaction.
